

SUN & MOON

BUSINESS GENERATION (PVT) LTD

FROM IDEA TO REALITY

PV91735

ESTABLISHED 2013

CORPORATE OVERVIEW

INTEGRATED PROJECT DELIVERY COMPANY

Sun & Moon Business Generation (Pvt) Ltd is a Sri Lankan integrated project-delivery company established in 2013, providing solutions across interior design and fit-out, construction and civil works, custom furniture manufacturing, retail and commercial environments, branding and BTL implementation.

Our approach goes beyond providing an individual product or service. We bring together design thinking, project planning, production capability, construction, site coordination and installation under one operating structure.

This integrated model enables us to eliminate fragmentation, ensure strict quality control, maintain project timelines, and offer our clients a single, accountable point of contact from the initial idea right through to final project handover.

SUN & MOON

BUSINESS GENERATION (PVT) LTD

WHO WE ARE ?

- **OUR JOURNEY SINCE 2013**

This enables Sun & Moon to support clients from the initial requirement and concept stage through site inspection, design development, estimating and BOQ preparation, planning, procurement, fabrication, execution, quality control, handover and after-sales support.

Backed by leadership with more than two decades of industry involvement, Sun & Moon has developed practical experience across corporate, retail, hospitality, healthcare, educational, institutional and residential sectors. Our strength lies in converting ideas into practical, buildable and professionally delivered results.

SUN & MOON

BUSINESS GENERATION (PVT) LTD

VISION, MISSION & CORE VALUES

*“BUILDING BETTER SPACES
FOR A BRIGHTER TOMORROW”*

VISION

To be a trusted Sri Lankan integrated project-solutions company recognized for practical innovation, reliable execution, quality workmanship and enduring client partnerships.

MISSION

To transform client requirements into practical, well designed and professionally delivered solutions through integrated design, production, construction and project management, with clear accountability from concept to completion.
